

## ...when impulse buying makes you happy.

**JOY, GLEE** and **DELIGHT**, the innovative cabinets from the new Emotions range by IARP - the plug-in specialist from the Epta Group are perfect for giving **maximum visibility** to the products on display and **prompting consumers' desire to make purchases!**

Their modern style, featuring elegantly minimal forms, ensures fantastic display & Point Of Sale capability, and is highly suited for use in bars, pastry shops and specialist shops that have a **contemporary and refined design.**

**And what a joy for Customers:** these items of furniture encourage them to make purchases and are sure to make their shopping experience utterly delicious!

- **Cutting-edge design, thanks also to the use of LED lighting, which is ideal for exclusive spaces**
- **Highest level of personalisation, that includes a highly evolved system for applying digital prints onto sheets of metal**
- **The system uses a natural refrigerant, thus reducing the frequency of maintenance interventions**
